English Language Level A2 Validation

For Students of Primary and Secondary Schools

EDYUOGALLERY LTD, an Irish company specializing in English language education, in collaboration with the North West Academy of English, a language center accredited by the British Council, offers the opportunity to Validate your level of English language proficiency at A2 (CEFR).

Language certifications represent an essential step in every student's learning journey. They not only attest to competence in a foreign language but also qualify students in the linguistic field, influencing their future choices during their educational path. Linguistic competence is a significant advantage, facilitating access to a wide range of academic and professional activities, both in Italy and Europe.

Our goal is to validate the achievement of level A2 and provide students with their first experience of a test with an external examiner without excessive costs.

While more well-known and accredited certification bodies require high fees and assess only two skills (Writing and Speaking), our validation covers all four language skills (Writing, Reading, Listening, and Speaking).

The examination consists of two distinct phases:

- An initial online phase to assess written competence (Writing).
- A second phase with an examiner, which can be conducted in person or online (depending on the school's preferences) to evaluate Reading, Listening, and Speaking skills.

Our A2 Validation exams offer flexibility in scheduling, allowing dates to be arranged with school teachers to ensure maximum student comfort.

The final certificate will be signed by the examiner and further validated by the Director of Studies at the North West Academy.

SAMPLE

Upon request, we also offer a preparation course for A2 Validation exams. The course has a total duration of 20 hours, with 2-hour lessons each week spread over two days, for a total of 10 weeks. Additionally, we provide, upon request, PDF educational materials specifically designed for A2 exam preparation.

Costs:

- A2 Validation exam only per student: 28 Euros
- 20-hour course and A2 Validation exam (included) for groups of at least 10 students and a maximum of 12 students: 115 Euros

Our teachers are all qualified in teaching the English language to foreign students, while our examiners are experts in conducting and evaluating the A2 exam.
